

## 27 SIOMA SYSTEMS (AIRPORT METEOROLOGY)

In 2014, DEGREANE HORIZON won a contract to supply and install Integrated Runway Meteorological Observation Systems (AWOS).

27 sites managed by the Agency for Aerial Navigation Safety in Africa and Madagascar (*L'Agence pour la Sécurité de la Navigation aérienne en Afrique et à Madagascar, ASECNA*) are going to be equipped with our sensors and software. Many employees are working full-time on this project, in the areas of engineering, installation and training.
